

"Territory 2.2" NGO in Ukraine, Lutsk would like to share with you our last two summer events.

First English-Polish camp "Find your APP" was successfully held for 110 children 6-13 years old June 22-29 in the recreation "Happiness" in the village Ozero. We had kids who didn't have father or mother or both parents and kids from poor families... We also had 2 kids whose fathers died at war... The children had a wonderful opportunity to interact with native English speakers from the USA and UK as well as native Polish speakers from Poland. While being at camp, campers had the opportunity to try themselves in different spheres of life, such as family, education, science and technology, culture and art, media, economy and church. The children could start to think where they see themselves in the future. The camp program included English, Polish, craft lessons, a variety of exciting games, flashmob preparation and also lessons of Christian ethics at the end of the day. Participants had the opportunity to show their talents in singing, dancing, playing musical instruments, showing fashion, making short films in a warm friendly evening atmosphere and having talk time around the campfire at last night while saying good bye to each other.

Second English day camp "Find your APP" was successfully held with children aged 6-13, August 10-21 (2 weeks) at "New Life" Church in Lutsk. 85-100 children were busing camp every day. Children from poor families were attending our camp too. Campers had the opportunity to try themselves in different professional roles such as artist, researcher, journalist, sportsman,

musician and actor. During the first camp we were building relationship bridges with children and during the second one, we were studying with them the book of Jonah through inductive Bible study method. We had surprise profession every day where participants became cooks, designers, astronomers, potters, architects and poets. The children had creative English lessons, developed city projects, performed interesting science experiments, wonderful reports, sang famous

songs and wrote their own, played sport games and participated in dramas.

Both camps were organized and held by the volunteers of "Territory 2.2" NGO, and teachers of "Be Smart" Language Center in Ukraine.

Thank you for your prayers and support. Together we are changing the future of Ukraine!

Other events:

The volunteers of "Territory 2.2" NGO and the teachers of "Be smart" Language Center participated in training Active Citizens Ukraine, British Council. We were learning how to write projects. During the training we wrote the project on the topic "Work with children and their parents" and waiting for the result if we are granted.

The teachers of "Be Smart" language center went to another English children's camp in the capital of Ukraine, Kyiv, to share with them our experience and to learn from them professionalism in conducting their camp.

Our prayer requests:

-Unity in our team

-We are starting renting a building for our activities in September. Pray for God's

blessing, financial stability for the coming school year.

-We are planning to open early development center " Grow Smart" in September/October for children aged 2-6. Pray for the project, right people in the team and children who will be coming as well as for the financial provision.

-Please, pray for spiritual impact on children and their parents who we work with, that their lives can be transformed.

-We are starting Bible study with teenagers who we have been working with. Please, pray that their hearts are prepared and open for spiritual truth.

Our plans:

-We are also planning in the future to open a learning center for teenagers and young people in our city. There will be master classes on different topics such as: life, character, business, etc. Please, pray for the idea and financial provision.

-The volunteers of "Territory 2.2" NGO and teachers of "Be smart" Language Center are going to visit CEP conference in Malenovice this coming October 2-4.
